1. Lead Criteria

1.1 Entry Criteria (Leads)

A record enters the **Lead stage** when ANY of the following occurs:

- Inbound enquiry (website, email, campaign)
- Marketing Qualified Lead (MQL)
- Partner / OEM referral
- Event / webinar lead
- Outbound prospecting hit (ISR / sales-generated)
- Existing customer signals new requirement (not yet validated)

Minimum required data:

- Company name
- Contact name (or at least role/function)
- Source of lead
- Basic problem area (if known)

1.2 Exit Criteria (Leads → Opportunity)

A Lead is converted into an Opportunity ONLY if:

Mandatory Conditions:

- Validated business need/use case exists
- Customer engagement established (two-way interaction, not just outreach)
- Named stakeholder identified (decision influencer or owner)
- Indicative timeline exists (even if broad, e.g., “next 6–12 months”)
- Opportunity is relevant to your solution portfolio
- For Public Sector/ Government, If RFP is released by the department/agency.

Recommended (Strong Qualification):

- Buying intent signal (active evaluation / budget discussion)
- Competitive landscape (if known)

1.3 Disqualification Criteria (Lead Closed / Not Converted)

Leads should NOT move to opportunity if:

- No response after defined attempts (e.g., 5–7 touches)
- No clear use case
- Student / research / vendor comparison only

This document is the proprietary and confidential information of Arche Global. It is provided under non-disclosure agreement and cannot be reproduced or used for purposes outside the scope of the agreement.

- No foreseeable timeline
- Budget clearly non-existent and no sponsor
- For Public Sector / Government, If RFP is not released

2. Sales Stage Entry & Exit Criteria

Stage 1: Identified / Working on Bid

Objective: Establish that a potential opportunity exists.

- **Entry Criteria:** Account identified (named account or inbound lead)
  - Initial contact established
  - Broad need or problem area understood
  - For Public Sector/ Government, If the RFP is released and internal decision to participate confirmed.
- **Exit Criteria → Move to Qualified – Opportunity / Bid Submitted:**
  - Discovery conversation completed
  - Customer confirms a real business need
  - Initial stakeholders identified
  - Indicative timeline (even if rough) understood
  - Bid documents prepared and EMD Processed

Stage 2: Qualified – Opportunity / Bid Submitted

Objective: Validate this is a real, actionable, and fundable deal.

- **Entry Criteria:**
  - Discovery completed
  - Business problem/use case clearly defined
  - Stakeholders mapped (at least economic + technical)
  - Buying process broadly understood
  - Technical and Commercial bids officially uploaded/submitted via the portal.
- **Exit Criteria → Move to Proposal Submitted / Technically Qualified:**
  - Budget range identified or funding path clear
  - Decision criteria defined
  - Competition identified
  - Internal Go / No-Go decision approved
  - Pre-sales engagement initiated
  - Solution direction agreed at a high level
  - Bid opening completed; firm moves to technical evaluation phase.

Stage 3: Proposal Submitted / Technically Qualified

Objective: Submit a formal technical and commercial proposal.

- **Entry Criteria:**
  - Customer has requested proposal / issued RFP / RFQ

4. Account Management & Governance Protocol

To maintain a clean and accurate Account Master, the manual creation of Account records is restricted to the CRM Administrator. Account Managers (AMs) must adhere to the following verification and request process:

4.1 New Account Request Procedure

Account creation rights are **disabled** for all Account Managers to prevent data duplication. For any new entity, the AM must email the following details to **crm@arche.global** .

Particulars	Information
Legal entity Account Name *	
Key Contact Person *	
Phone *	
Email *	
Company Website *	
Address *	
Ownership	
If ownership is others, please mention what kind it is	
CIO/IT Head Name *	
CFO/Finance Head	
CEO/MD	
Industry Vertical *	
If Industry vertical is others, please mention what kind it is	

*** Mandatory Fields needed to create a new account.**

Since we have added a new field called **End Customer Name.** Same set of details is required to create account.

4.2 Administrative Review & Mapping

Upon receiving a request, the CRM Admin will perform a "Master Audit" to ensure the account does not already exist under a different spelling, abbreviation, or alias (e.g., “Limited” vs. “Ltd”).

- **Unique Accounts:** Once verified as a new entity, the admin will create the record and map it to the requesting Account Manager.
- **Duplicate Detection**: If a match is found, the admin will notify the AM and map the existing record accordingly.

5.System Enhancements & Recent Changes

- ***Practice Split:*** *You can now enter multi-practice data within a single opportunity. There is no need to create multiple opportunities for a single deal (similar to the Service Classification field).*
- ***Mandatory Forecast Category:*** *This field is now mandatory for all active opportunities.*
- ***Competitor Tracking:*** *The Competitor field is now mandatory. Please identify both OEM and SI competitors.*
- ***End Customer Name:*** *New mandatory field to identify the end-user of the projects we deliver.*
- ***Lead Approval:*** *The approval criteria have been removed to streamline lead management.*
- ***Expected Closure Quarter:*** *A new field included in the Leads module to identify and forecast proactive leads (specifically for long-cycle PSU deals).*
